SWATCH

## SWATCH METAL COLOURS

Metal furniture is sandblasted and consequently adjusted by powdery paints being fired at 200 °C in the furnace. These basic powdery paints can be enhanced by gold or silver patina applied manually to create old furniture effect. For outdoor usage every product is pre-prepared by galvanic powdery varnish or zinc-coating.

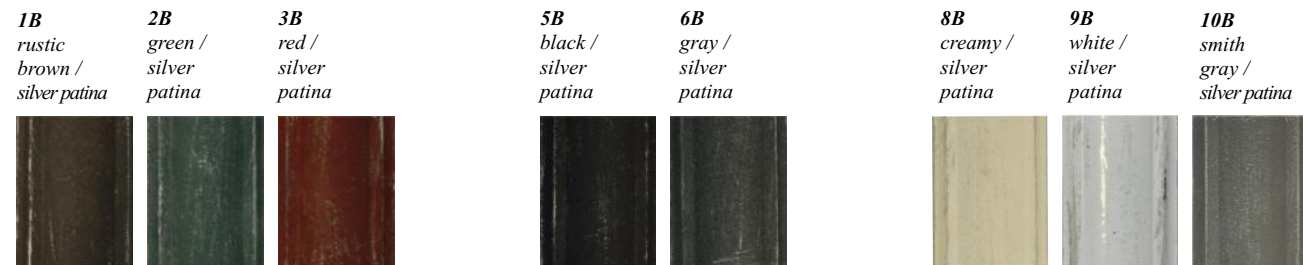

### Basic colours

### Basic colours with gold patina

### Basic colours with silver patina

## SWATCH WOOD COLOURS

Our products are frequently combined with solid oak or spruce wood. You can choose from several colours. In case of colours no. 1, 2, 3 and 7 mordant paints are used, in case of colours no. 4, 5, 6 we speak about paints with coloured patinas and manual abrading. Typical attributes of solid wood are knobles and noticeable annual rings.

### Solid oak

Solid oak is specially used for products with hard wood demand as table tops, bed legs etc.

### Solid spruce

Solid spruce is used for products without hard wood demand, e. g. night stands, wardrobes and shelves.

### Solid spruce brushed

Brushing is based on removing of soft parts of wood which highlights the natural look of solid wood. The surface remains rough.

### Laminated boards

Realistic oak wood imitation. Boards are hard enough and maintenance free.

## SWATCH FABRICS

Our products can be supplemented with upholstery made of various kinds of indoor and outdoor fabrics. We offer our customers the possibility to have manufactured upholstery from their own fabrics in case they cannot choose from our colour range.

### Indoor fabrics

- F** creamy (cotton)
- L** claret
- M** not available
- N** light green
- O** yellow
- P** light brown
- Q** dark blue
- R** dark green
- S** creamy
- T** dark gray

### Outdoor fabric

- U** dark green 100% Acrylic
- V** brick 100% Acrylic
- W** creamy 100% Acrylic
- X** grey-brown 100% Acrylic
